Not many small items, please be on time!**

NOTE: Ken & Mary operated a successful hog and cash crop farm for over 35 years.

After getting out of the hog business several years ago, they have concentrated on cash cropping. They always maintained their tractors and farm equipment and it's in field ready condition. Most pieces stored in the pole barns. This will be an opportunity for you to purchase tractors and equipment right off the farm where it was used. Make plans to be on Brickyard Rd. just east of Holton on Saturday April 4th at 10:00AM for the start of this nice Country Farm Auction.

Lunch wagon, port-a-jons and loader tractor for your convenience.

We have retired from farming, sold our farm and are moving; therefore, we have commissioned Art Smith Auctioneers to conduct a Live Auction to disperse our farm equipment. We would like to take this opportunity to invite all to attend our Auction and thank you in advance for your time and consideration.

*Very best regards,
Ken & Mary Schaub
